

GSK Science in the Summer™

In partnership with UNC Morehead Planetarium and Science Center

“Be An Engineer!”

Hiring Certified Teachers for Summer Camps

The *GSK Science in the Summer* program in North Carolina is recruiting certified teachers to lead week-long virtual and/or in-person science enrichment programs at libraries and community-based centers in Alamance, Chatham, Durham, Franklin, Granville, Harnett, Johnston, Orange, Vance, and Wake counties during summer 2021.

All science program educators will be trained on how to use GSK’s engineering curriculum developed for its *GSK Science in the Summer™* program, along with hands-on activities from Morehead Planetarium and Science Center’s summer program curricula.

Types of Camps

Level I/II (rising 2nd–5th grade)	Level III (rising 6th–8th grade)
<ul style="list-style-type: none">Monday-Friday10 students per sessionMorning: 2nd and 3rd gradesAfternoon: 4th and 5th gradesHours range from 8:30 a.m. – 4:30 p.m.	<ul style="list-style-type: none">Three-day, half-day10 students per sessionHours are either 8:30 a.m.–12:30 p.m. or 12:30 p.m.–4:30 p.m. (depending on site)

\$27.00
per hour

Requirements

All educators must be certified teachers.

A virtual interview with Morehead staff will be required for final applicants/candidates during the weekend of **March 27 depending upon your assigned date and time.**

Science program educators are **required** to attend a training session on either Saturday, June 12 (Level III) **and/or** Saturday, June 19 (Level I/II) in Chapel Hill where they will learn how to deliver the Science in the Summer curriculum. **The training date(s) will depend on the type of camp you are assigned.**

Employment is contingent upon a criminal background check and your availability to attend and complete the mandatory paid training sessions which will be assigned based on your program location/site. Hiring preference will be extended to those with Morehead program experience and those who teach or attend school in SIS counties.

What is it?

The *GSK Science in the Summer* program in North Carolina is sponsored by GlaxoSmithKline and administered by UNC-Chapel Hill’s Morehead Planetarium and Science Center.

The *GSK Science in the Summer* program in North Carolina is a **fun** and **free** science education initiative that helps elementary and middle school children “grow into science” and gets kids excited about studying science through hands-on experiments.
