Science is an adventure—an amazing opportunity to explore the world around us.

Children naturally love to explore our world, and Summer Science Camps at Morehead Planetarium and Science Center are the perfect way to encourage your child’s curiosity and intellectual growth in a fun, nurturing environment.

To Register

Select your session(s) from the list of camps. Remember that you can only register your camper for one of each named session. For example, you can only register for “LABracadabra” one time.

Member Note

If you register during the early registration period after selecting your camp session, you will get a notification that the camps aren't on sale yet. You will need to sign into your member account (see the picture below). If you are a Family Plus level member or above, your discount will apply automatically. If it doesn't, please call 919.843.7334 or email mpsc_camps@unc.edu before checking out.

Uncheck this box if you are not the participant.

To Add Additional Camps

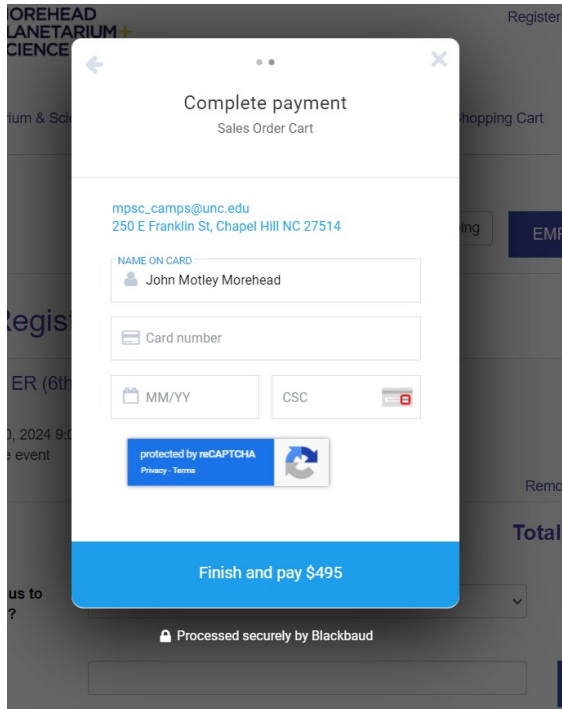

If you'd like to add additional camps to your cart, there will be a "Summer Camp Calendar" link at the top of the page (see below). Clicking that link will take you back to the registration page and will save the current camps in your cart.
